at [water.cc](http://water.cc)*

**EVERY  
DROP  
CHANGES  
LIVES**

**JOIN EVERY DROP**

Our monthly giving community, Every Drop, is ending the water crisis for communities across the globe. For just \$30 per month, you can provide one person access to safe drinking water!

[water.cc/everydrop](http://water.cc/everydrop)

**TRAVEL WITH LIVING  
WATER TRIPS**

On this inspiring international experience, you'll witness the impact safe water can have firsthand by serving alongside community members and Living Water's in-country staff.

[water.cc/trips](http://water.cc/trips)

**FUNDRAISE WITH FRIENDS**

Making a difference is even better with friends! Run or cycle to raise money for the thirsty or encourage your loved ones to celebrate your birthday by giving the gift of safe water.

[water.cc/fundraise](http://water.cc/fundraise)

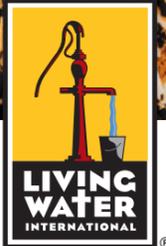

**TAKE ACTION**

When we quench the thirst of our sisters and brothers, our lives are changed—together.

What will you do for the thirsty?

[water.cc/takeaction](http://water.cc/takeaction)

**Everyone deserves to  
drink safe water and  
experience God's love.**

## WHY WATER

Water access affects nearly every aspect of life: health, sanitation and hygiene, justice issues for women and children, education, family livelihoods, and local church communities.

Yet 785 million people globally lack access to basic drinking water service—our most essential human need.

## WHY US

Since 1990, Living Water International has demonstrated God’s love by providing safe drinking water for over 6 million thirsty people.

Today our locally led teams implement safe water projects, promote sanitation and hygiene, and mobilize churches and communities for sustainable change in 18 countries.

## YOUR IMPACT ACROSS THE GLOBE

### LA ESCONDIDA, HONDURAS

Every summer, the hand-dug wells in Leda’s community dried up. Now that they has safe water access, Leda has hope for her daughter’s future.

### NYAMIREMBE, UGANDA

Moreen grew up without water access, but today she works with Living Water to promote life-saving sanitation and hygiene practices to improve community health.

### CHIRUNDU, ZAMBIA

Through partnership with Living Water, Pastor Lengwe’s church has been equipped to respond to the physical and spiritual needs of their neighbors.

## CHAMPIONS FOR THE THIRSTY

“Girls my age are getting to go to school and no longer getting sick from dirty water.”  
—ISABELLE ADAMS

“I don’t think there’s anything more fundamental than sharing the love of God—the *living water*—and being able to connect it with clean drinking water.”  
—PASTOR CRAIG HAYES

“Without water, there is no life, and that’s why we love Living Water.”  
—PATTIE AL-ATTAS BARRETT
