LIVING
WATER
INTERNATIONAL

ANSWER KEY

This is Sabella.

She lives in a country in Africa called Kenya, and her mom and dad are farmers.

They have one cow, three chickens, two goats, and one really loud rooster named Roo.

You can help children like Sabella get safe water. It's easy!
Here's how you can help!

SERVE
as Jesus did to meet
the needs of others.

GIVE
so that thirsty children will have
safe water, for life, in Jesus' name.

PRAY
for for Jesus to be known to
the ends of the Earth.

Join other kids just like you who want
to make a difference too!

Sabella and her family have never known life with safe water.

One in nine people around the world lack access to safe water. Circle the dirty cup of water.

Now Sabella and her family have safe water and know about the *living water* of Jesus Christ.

Life with safe water is better indeed.

During the well dedication, everyone was in their best clothes—their smiles as wide as Sabella had ever seen.

“We are here to thank God for this safe water well!” said the pastor. “He loves each and every one of you and only he can quench your deepest thirst!”

Like she did every morning, Sabella woke up very early. It was time to collect water from the river two miles away.

Help Sabella find her way past the dangers as she fetches water from the river.

During the drilling, Living Water taught some fun lessons on handwashing, brushing teeth, and keeping water clean.

Help Sabella remember what she learned in the hygiene and sanitation lesson from Living Water. Match the pairs below.

“I wonder what kind of trouble we’ll run across today?” she asked to her baby brother. Taking his hand, she stepped out into the darkness.

On her way back, Sabella heard a loud noise and saw her mother running towards her.

“Come join us!” Sabella’s mother called excitedly. “God has heard our prayers! Living Water International is here to drill a new well!”

WHIR

CRANK

WHIR

The metal rod spun loudly as the pipe plunged deeper and deeper into the ground, spewing mud all over the place.

Water was shooting up towards the clouds, high into the sky.

A loud cry from the crowd made Sabella look up.
